OUR NEWEST ASSEMBLIES!

“Me & My BIG Mouth!”

45 minutes

Our newest assembly is all about the power of our Big Mouths! Our presenters show your students just how important our words are, inspiring them to use their words to build up others, rather than tear them down. Through the use of videos, motivational speaking, inspirational stories and crowd interaction, we show your students how character is displayed through words and just how powerful those words are.

“Impact”

(rap assembly) 45 minutes

This assembly inspires students to think about the impact their choices have through motivational speaking, videos, crowd interaction and live music. Jesse Thomas has performed and sold his music internationally and now brings his positive rap music to schools across the country.

Between songs students hear a dynamic message from Chris on how their choices impact themselves, people around them and even the world.

without it. The students are challenged to evaluate their character and to make sure they are on track and haven't quit on life by taking the easy way out.

“Leaving a Legacy”

50 minutes

It's hard to find assemblies for Jr. and Sr. High students that are not only entertaining, but also challenging. Big Mouth

has incorporated these two ingredients in our original assembly, entitled “Leaving a Legacy”. In this show, students learn about the meaning and the pillars of character through the

use of drama, powerful speakers, video clips, games, and audience interaction. Students are challenged to consider what legacy they will leave behind. What will people say about them after they have gone? They learn that their legacy will be determined by their character. The assembly leaves students with no doubts in their minds that having good character does matter. “Leaving a Legacy” has had rave reviews from faculty and students all around the country. Your students will love it!

“Weight of the World”

(rap assembly) 45 minutes

Once again, we have put together an incredible assembly that is going to get your kids talking for the rest of the year! We are excited to announce a new assembly which features our very own, “The Rapper Jesse Thomas”, who performs rap songs in between dynamic messages from our speaker, Chris. Chris talks about his journey in life and relates it to the students' own journey. Realizing this journey is hard when you have good character, it is almost impossible to make it

Half Day Student Retreat 2.5 hours

Big Mouth Presentations is pleased to announce an opportunity for your school to take CHARACTER to another level amongst your student body. This school year Big Mouth Presentations is offering half-day retreats that will encourage your students to build a stronger community through character. Each student will be challenged to make good choices and will learn the impact negative choices have not only on us personally, but also on those around us. The first 2 hours the students will participate in:

The Quest - 2 hours

During this part, Big Mouth will break the students up into groups of 20 to 25 per team. Utilizing your staff or student

council members, Big Mouth will have each team go through a series of 4 to 5 stations. At each station the team will choose one of three tasks and try to accomplish it. Following each station your staff will lead a debrief discussion with the team on how the choices they made

during this activity

affected their team. They will also discuss how the choices we make in life affect not only ourselves but those closest to us.

Next we bring the students back in your auditorium for our 30 minute presentation titled:

C.H.O.I.C.E. Assembly - 30 minutes

Utilizing two communicators, videos and power point, the students will learn how their responsibility centers around the choices we make in life. They will be asked to think about the choices they are making now and the choices they will make in the future. They will understand that we can make any choice we want, but we can't choose our consequences to those choices.

Maximum amount of students: 250

PROFESSIONAL DEVELOPMENT

Staff:
Synergy Meeting

(Teachers/Staff)

90 minutes

The Synergy Meeting's key element focuses on tactics Fortune 500 companies, such as Disneyland and Nike, use to successfully develop a planned culture in their organization. We will take your faculty and staff through the definition of what culture is and through the five essential tools that these companies use to transmit their designed culture within their organization. We will then apply these steps to your school as we divide your school into five key areas. Your team will begin the process of creating ideas that will develop a culture of character on your campus.

The Synergy Meeting will leave your team with the necessary tools to develop a successful plan for your school. Whether you have been using a Character program for years or you are just beginning, let Big Mouth Presentations ignite your committee or staff with a renewed passion to model character on your campus.

During the meeting leaders learn how to inspire the whole student body to become a school of character, as well as how to team up with your staff to join in their efforts to build a culture of character on campus. They will be challenged to take a grassroots approach and will be given the necessary tools to influence their peers towards living lives of character.
